

INTERVIEW TECHNIQUES COURSE

Course Duration: 1 day – maximum 12 delegates

Course Introduction:

Invest in your self and let us provide you the training you require to ace that interview!

This course has been designed by a mix of our own very experienced trainers who are current pilots with a varied experience and a mix of trainers from our training partners who have been involved in pilot selection. Let them tell you exactly what to expect and how to deal with the day to succeed and excel.

We will provide you with an insight of what is required and why, guidance on how to present yourself, and build on your strengths and help you to overcome weaknesses. It is our aim to prepare you, so that you can tackle your day confidently and above all by being yourself. We are not a “prep factory”. Our feedback will be very diplomatic but direct and may possibly contain discrete opinions on your ability or appearance.

You do not need a confirmed interview to attend, and also the added flexibility to choosing what day you want to join.
